I am a Junior Frontend Web Developer who is passionate about building user-friendly websites. I have experience in HTML, CSS, JavaScript and React. I am a graduate of Re:Coded Frontend Web Development bootcamp, with certificates from both Re:Coded and Flatiron School, the New York-based coding school. I have keen interest in backend development and experience working with databases. I have strong teamwork, problem solving and communication skills.

TECHNICAL PROJECTS

Safe Place - Github | Demo
Full-Stack website to tackle the problem of domestic violence against women
+ Built with three of my colleagues during the Re:Coded bootcamp under Agile processes for collaborative teamwork
